803.713.1013

Camden House Bed & Breakfast mirrors all of the charm and grandeur of the antebellum South. Completed in 1832, the mansion is today nestled in the heart of historic downtown Camden - South Carolina's oldest inland city - where it is in easy walking distance to shops, restaurants, antique stores, the community theater and historic parks.

Wake up to a delicious gourmet breakfast, including; fresh fruit, juice, hot coffee & teas, the best homemade biscuits and various tasty hot main entrees!

The guest rooms...spread over 6000 square feet - will cause you to reconsider ever using a conventional hotel again. All have king or queen beds, twelve feet high ceilings, heart-pine floors and private baths. The house itself is magnificently appointed and finely furnished in a manner reminiscent of a privileged past yet with all of the comforts of today. There are sitting rooms, porches, and a pool that will make your stay a restful one.
